1. 2017 Spring New Actives

Matthew Stevenot
AKA: Steve-not
Mechanical Engineer

Sai Vikram Molakala
AKA: Vik
Computer Engineer

Praveen Ramohan
AKA: Praveen
Mechanical Engineer

Runzhe Gao
AKA: Allen
Electrical Engineer

These fine young actives have done a damn good job this spring, working to complete their New Member Requirements. For their fundraising project, they put on their swim suits and set up a not so sexy car wash that pretty much no one went to. But hey, at least they tried. They raised about twenty dollars, but since their house project didn't require any money, the money is going towards buying the sergeant-at-arms a new lawn mower. The fore mentioned house project, that they completed, was tearing down the loft in Rat's nest, since ACB agreed to help fund and rebuild the new one during summer work party. Praveen was also awarded a one hundred dollar "New Member" Scholarship, for knowing his shit on all of the quizzes.

2. Leadership Positions

Basically, everyone sucks, so the new executive board could be viewed as people that suck slightly less than everyone else. The elected and appointed positions can be seen below.

3. Greek of the Year

A quick shout out to Jack Dick for being the Greek of the year this year. He is our social director for the second year in a row, and has done a fantastic job creating events and keeping our brothers involved. Not only has he set up many social events with some of the surrounding sororities, but he also made Ball an amazing event this year. It was held at the Indianapolis Zoo, where you could pet sharks and dance with your lady. Everyone that went had an amazing time!

4. Travel

This spring, we have 3 brothers studying abroad: Joe Holtz is studying in Esslingen, Germany; Joe Porter is studying in Ulm, Germany; and Patrick McGowan studied in Milan, Italy. I've heard some crazy stories over the past three months about their travels. Joe Porter, for example, was pretty much ready to throw down the gloves and beat the shit out of some German guy because he ran up and spat in Joe's topped off Half liter of beer, because he was hitting on this German Guy's hot friend.

A bunch of brothers also decided to travel to Florida for spring break. They all came back sunburned and with a ton of stories. The best I heard was when they were all drunk on a boat, and Erik Witte decided to take a piss right of the back. Meanwhile, Ryan Cook, drunk as can be, decided to walk along the lower deck and right into a golden shower. Ryan came back with a small infection, and didn't notice it until it covered like half of his arm. Cook ended up going to the hospital and having a 1.5 inch cavity of his hand removed. That didn't stop him from hitting on his nurse the whole time!

5. Pig Pickin'

It was a great time getting to see all the Alumni come out for Pig Pickin'! It was good food, and everyone got to hear you all doing some really cool stuff in the real world. It was really funny to see Matt Dale's Plea for help the morning of Pig Pickin' because we all got super rowdy and destroyed the house the night before.

Dale also put out a donation bucket to try and raise money for the landscaping project, and all he got was an empty beer can and a cigarette. Classic. Billy and the Pig Pickin' crew did a great job setting up and serving us all some great food. Dale is also looking for money, for the landscaping project so email him if you care: daleml@rose-hulman.edu

6. New Alumni

It is a bitter-sweet moment, but some great brothers are now joining you all into the real world. They became the ultimate shit posters during chapter, it would make you all proud. They were a great part of the fraternity and will be sorely missed. They are all going off to do some great things. For example, Alan Yates will be working for Enable Injections in Cincinnati, OH; Brooks Rodibaugh will be studying at Indiana University School of Medicine; and Matthew Patterson will be living above Sonka's.

What do you want to see in the Hare?

If you would like to see more of what other Alumni are doing or want to see more of something else, let me know.

That being said, if you have something to share and want everyone to know about it, share it with me and I can spread the word!

If you have any questions or concerns email me at vantrejm@rose-hulman.edu, with subject: ALUMNI
